

13) Write a program to show use of constructor.

```
using System;
using System.Collections.Generic;
using System.Linq;
using System.Text;

namespace Ass13
{
    class demo
    {
        public demo()
        {
            Console.WriteLine("Constructor called");
        }
    }
    class program
    {
        static void Main(string[] args)
        {
            demo d = new demo();
            Console.ReadLine();
        }
    }
}
```
