        public void show()
        {
            Console.Write("Enter a number: ");
            n = Convert.ToInt32(Console.ReadLine());
            while (n > 0)
            {
                m = n % 10;
                sum = sum + m;
                n = n / 10;
            }
            Console.Write("Sum is= " + sum);
        }
    }

    class Program
